What solutions are available to plan for the future with peace of mind and protect your loved ones?

You can't predict what life will throw at you, but you can **secure your financial future and that of your loved ones**.

Even if it's not always easy to think about the present and the future at the same time, with our **protect4life** solution, you don't have to make a choice: you can **combine life insurance and savings**.

You can protect your loved ones while securing your income. You save for yourself, your children and your loved ones. You can continue with your projects, make your life more comfortable and reduce your tax bill.

And what's more, **this personal protection insurance plan** grows with you.

It continually adapts to your family and professional situation.

It's simple, reassuring and cost-effective.

Why save with a life insurance policy?

KEEP CONTROL OVER YOUR ESTATE PLANNING

With **protect4life**, you are free to name your beneficiaries in the event of your death, and you can easily change this choice at any time, at no cost. In the event of your death, savings are made available very quickly, and without the involvement of a notary, unlike for assets deposited in bank accounts.

BENEFIT FROM ATTRACTIVE TAX TREATMENT

Products in the **protect4life** solution are exempt from withholding tax.

OPTIMUM PROTECTION OF THE CAPITAL INVESTED

In Luxembourg, you receive the very best protection for your assets. This is because the money you invest is not kept directly by the insurer, but must be paid into a special account at a depository bank approved by the Insurance Commissioner that is different from the insurer's own accounts. Your assets are therefore kept legally separate from those of the insurer's shareholders and creditors. This "Super-privilege" allows you to recover the totality of your capitalised savings taking priority over any other creditor¹.

¹ Article 118 of the amended law of 7 December 2015 concerning the insurance sector.

A solution for all your needs

Protect your loved ones, your income or build up your savings – you don't need to choose. **Foyer** offers you a solution combining personal protection and savings while adapting to your needs.

Whatever your family or professional situation, we have a range of covers to cover you in the event of death or disability.

A lump sum or **annuity paid up to your children's 27th birthday** to provide for their daily needs.

YOUR OPTIONAL COVER

Gradual savings to **finance your future plans.**

Useful cover if, for example, you are self-employed, a new arrival or just starting out in your professional life.
